GWM STEED 6

GWM's new Steed 6 is a bakkie like no other... With its bold, louvred grille and accentuated wheel arches, it stands its ground by displaying a forceful presence that's not for the faint-hearted. Adding to the visual appeal are neatly integrated LED strips, high-intensity projector-style headlamps and a finely sculpted lower airdam that incorporates a SUV-like skid plate. And that's just the front-end...

- **Roof rails (Xscape only)**
- **Roll bar (Xscape only)**

SX AND XScape – LUXURY COMES STANDARD

Whichever Steed 6 you choose, rest assured you're taking ownership of a vehicle that will make every trip a fun and comfortable experience. All SX models feature climate control, radio/CD player with Bluetooth functionality, 16-inch alloy wheels, dual front airbags and ABS with EBD, among others. Step up to the flagship Xscape specification and you also get leather upholstery, an electrically adjustable driver's seat, side steps, roll bar, roof rails, cruise control, auto lights and wipers, six airbags and an electronic stability system (ESP). Hill-start assist is also fitted.

POWER AND ECONOMY

The Steed 6 is powered by GWM's popular and in-house developed 2,0-litre VGT turbodiesel engine that delivers exceptional power, economy and refinement. The VGT engine has received widespread acclaim, and has been further refined for the Steed 6. Boasting Euro-IV compliancy, this direct-injection, variable geometry turbo engine delivers 105 kW and a meaty 305 Nm of torque. A six-speed manual transmission is fitted. The claimed combined cycle fuel consumption figure for this engine is a low 8,8 L/100 km.

TECHNICAL SPECIFICATION	MODEL	
	2,0 VGT SX 4x2	2,0 VGT Xscape 4x2
Engine	2,0 litre turbodiesel
